

## List of posters

1. The Impact of Organic Fertilizer Application to Oil Palm Production in Felda Maokil 7: A Case Study  
Asy Syura M. and Tsan F.Y.
2. Rainfall Impact on Oil Palm Production and OER at FELDA Triang 2  
Muhamad Rizal A.R. and Tsan F.Y.
3. Buffalo-Drawn Cart Assist of Infield FFB Evacuation – A Case Study at Kosma Plantation Bhd.  
Mohd. Shakran S. and Low S.M.
4. Current Status of Major Pests of Oil Palm Plantation at Felda Jengka, Pahang  
Mohd Noor Syahid M.S., Fairuz K, Mohd Rasdi Z., Mohd Jamaluddin B., Fauziah I. and Hazmi A.D.
5. Functional Diversity of Microbes in Ganoderma and Non-Ganoderma Infected Oil Palm Cultivated Soils  
Low Y.C., Zainal Abidin M.A., Sariah M. and Radziah O.
6. Multiple Sequence Analysis of *Erwinia papayae* Isolates from Six Different Locations of Papaya Dieback Outbreak in Malaysia  
Maktar N.H., Kamis S., Mohd Yusof F.Z. and Hussain N.H.
7. Some Morphological Variations in the Bean Flower Thrips, *Megalurothrips usitatus*, on Long Beans and French Beans in Group Farming Areas of Kedah, Perlis and Penang.  
Yazid M.E., Fauziah I., Wan Mohamad W.A.K., Tek V.A., Abdul Razak M.N., Pahang J.T., Sherihazlin A. and Noor Faradiela O.
8. Genetic Diversity in Cultivated Tea (*Camellia sinensis*) at Boh Plantations using RAPD Markers  
Siti Noor Hajjar M.L., Rita Muhamad, Tan S.G. and Fauziah I.
9. Factors Affecting Paddy Production under Integrated Agricultural Development Area of North Terengganu (IADA KETARA) Scheme : A Case Study  
Nordiana I. and Low S.M.
10. Performance of Integrated Management for Insect Pests in Sweet Pea (*Pisum Sativum*) Cultivation at Kundasang, Sabah.  
Jipanin J.C.
11. The Potential of Selected Bedding Materials for Vermicomposting with Red Wiggler Worms- *Eisenia fetida*  
Wan Hanisah W.I., Khafiruddin A., Mohd Saiful Akbar M.S. and Nordin M.
12. Greening the Environment through Vermicomposting : An Alternative to Agriculture and Solid Waste Mangement  
Wan Hanisah W.I.

13. Suitability Studies on Grapes, *Vitis vinifera* , Using Various Planting Media under Fertigation System and Rain Shelter  
Abdul Razak M.N., Yazid M.E., Said H., Sherihazlin A., Pahang J.T. and Noor Faradiela O.
14. The Performance of Selected Mango Clones in the Rehabilitation of Non-Productive Mature Mango Trees by Pollarding and Grafting Using Existing Stands at UiTM Perlis Mango Farm.  
Yazid M.E., Abdul Razak M.N., Said H., Sherihazlin A., Pahang J.T. and Noor Faradiela O.
15. Modeling of Moisture Content of *Theobroma cacao* Seeds  
Hasmah A. and Tsan F.Y.
16. Airborne Hyperspectral Imaging Applications in Oil Palm Plantation.  
Malek M.Y. and Kamaruzaman J.
17. Allelopathic Potential of Edible Gingers Against Weeds  
Rozlianah F.S., Julenah Ag.N. and Siti Sarayati A.M.
18. A Comparative Market Basket Study of Certain Heavy Metals in Selected Vegetables  
Sharil S., Nooraain H. and Nesamalar K.
19. Report on Monitoring Forest Damage caused by Acid Precipitation and Pollution in Malaysia  
Philip E., Rizal M.K.M. and Siti Mariam S.
20. Heavy Metals Content in Irrigation Water from Selected Areas in Peninsular Malaysia  
Nor Zuwana Z. and Adzmi Y.
21. The Effect of BAP on Shoot Proliferation of *Pogostemon cablin*  
Norrizah J.S., Nur Hidayatul Munirah M.A. and Asmah A.
22. *In Vitro* Plantlets as a Horticultural Commodity for Interior Decoration  
Awal A., Taha R.M., Sidik N.J., Hasbullah N.A. and Mokhtar A.
23. An Assessment of the Impact on Josapine Pineapple Grown in Malaysia  
Mohd Johaary A.H. and Abu Kasim A.
